Metal Fish - Ned
Papyrus – Bridie
Wakool Fishing Classic
What a beautiful weekend for camping and swimming! I hope all our happy campers are still happy, even if a little sleep deprived! Thanks to all our helpers at the breakfast who rose early and provided lovely hot breakfasts for the campers. I was very impressed with how our entirely competent P&C members managed to solve a sticky situation on Saturday morning and get the job done so effectively. This is a large fundraiser for the school as the Fishing Classic committee are very generous, so we hope to see more families get involved next year. Many thanks to Genny, Merv, Chelsea & Ginger, Doug & Robin for cooking and serving breakfast.

Creative Catchments
Our environmental reps this year are Kasey, Katie and John Paul. They had a day at Edward PS last week to orientate them to the Creative Catchments program where they learnt about the Murray Darling Catchment Area and were deciding on a local project to work on, within our own school environment.

Handling Complaints
I extend a reminder to all, that if at any time you find that you have a concern about anything to do the school, you are encouraged to come to the school and tell someone so that your concern can be resolved. It is our aim to work with all of our school community to ensure that we do the very best we can to ensure a productive, safe and enjoyable experience for our students. However, should you feel that you must raise a concern formally, the NSW Department of Education and Training has procedures for ensuring that complaints are handled fairly. A brochure which provides information about how to lodge a complaint and a Complaint Form are available from the school office. Further information is also available in the Department’s Complaints Handling Guidelines which includes a guide to Lodging a Complaint. These documents can be accessed on the Department’s internet website at https://www.det.nsw.edu.au
